REPEAT OF SEPT. 28 SESSION BY POPULAR DEMAND

This is a follow-up to last year's highly successful series by making clear the links between social and emotional learning and academic achievement in every classroom. Session 1 presents the links and sets us up for the classroom examples in session 2.

This year we plan to take what we learn in sessions 1 and 2 to create a "Classroom Tips" page for teachers (to be published in the PDK Chapter Newsletter). In this way the Kappan community can build capacity for continued success.

This is a free event.
